

THE BIZION BOARD

Design the business you actually want to be running.

Use this one-page Bizion Board to imagine first, get clear on where you want the business to go, and identify what needs to change between today and the future you want.

IMAGINE • BUILD • IMPLEMENT • GROW

Your Bizion is bigger than a revenue goal. Think about your time, your team, your systems, your customers, your visibility, and the role technology should play in creating a more aligned, more scalable business.

01

Your Business

What does success look like 12 months from now?

What do you want to be known for?

02

Your Time

How do you want your week to feel?

How many hours do you want to work?

03

Your People

What should only humans be doing?

Where is your team losing time?

04

Your Systems

What still depends on someone remembering?

What should happen automatically?

05

07

08

Your Customers

What should doing business with you feel like?

Where is the friction today?

Your Marketing

How should your company consistently show up?

Would AI find and recommend you today?

Your Technology

Where could technology create capacity?

If you had 3 AI teammates, what would they do?

You

What should only the owner be doing?

Where do you need more clarity?

My 3 Bizion Words

Choose the words that define the future you want.

The Gap

What has to change between here and there?

My Next Move

What is the first thing that needs to change in the next 30 days?

From imagination to implementation.

A clear Bizion turns vision into a game plan. Use it yourself. Bring your team into it. Put it on the wall. Then decide what deserves a person, what needs a better process, what should happen automatically, and where AI can create leverage.
